RUSS RESISTANCE BROKEN, IS CLAIM

Germany Says Czar's Troops Have Given Way at Various Points Northwest of Lutsck.

BERLIN, June 20, via London, 5:05 p.m.—German troops have broken the resistance of the Russians at various points northwest of Lutsck and are fighting their way forward, the war office announced today.

The German successes were won between the Kovel-Lutsck railroad and the Turla river. The resistance of the Russians was especially stubborn in the region of Kievin, twenty-five miles northwest of Lutsck.

Austrians Retire 25 Miles.

PETROGRAD, June 20, via London.—With an average Austrian retirement of twenty-five miles over the entire Volynian and Galician front, except in the immediate region of Tarnopol, with the Russian seizure of Czernowitz and the flight of the southern Austrian army toward the Carpathians, and with the Russians closing in upon Lemberg from two directions, the operations on the southwestern front have reached the crucial point where, it is believed here, the Austrian armies must either make a final stand or by their further retreat automatically compel a general retirement of the German army position which they have held against the Russians for nearly a year.

Success Due to Study.

LONDON, June 20.—The Times Petrograd correspondent sends the following interview with Gen. Brusilov, commander of the Russian forces fighting against the Austrians and Germans.

"The speedy successes we have attained are not the product of chance or of Austrian weakness, but represent the application of all the lessons we have learned in two years of bitter warfare against the Germans. In every movement, great or small, that we made this winter, we have been studying the best methods of handling the new problems which modern warfare presents. 'The main element of our success was due to the absolute co-ordination of all the armies involved and the carefully planned harmony with which the various branches of the service supported each other.'

"On our entire front the attack began at the same hour. It was impossible for the enemy to shift his troops from one quarter to another, as our attacks were being pressed equally at all points. 'If we are able to take Kovel there is every reason to believe that the whole eastern front will be obliged to fall back, as Kovel is really the center which has been extraordinarily useful for intercommunication between the Germans and Austrians. This menace is fully realized is obvious from the fact that the Germans are supporting this section with all available troops from the west and north.'

RUSSIAN WARSHIP IS

ATTACKED BY TURKS

LONDON, June 20, 3:30 a.m.—Four units of the Turkish fleet attacked a Russian warship in the Black sea off Suda, Rumania, while the Russian ship was conveying lighters to Odessa, says the Times Rumanian correspondent. A lively battle followed, but the combatants eventually parted without a decisive result being reached.

EIGHTH GRADE PUPILS ARE GIVEN DIPLOMAS

Graduation Exercises Are Held in Eighth Division—Others Set for Tomorrow.

OFFICIALS ARE NAMED

FOR U. S. PATENT OFFICE

The President today sent to the Senate the nomination of Robert F. Whitehead of Virginia, to be first assistant commissioner of patents, and of Francis W. M. Clay of Pittsburgh, to be assistant commissioner of patents.

He also sent to the Senate the nominations of Samuel E. Fouts of North Carolina and James T. Newton of Georgia to be examiners-in-chief in the patent office.

The appointments, which are subject to ratification by the Senate, are effective on July 1, according to a statement made this afternoon by the chief clerk of the patent office.

Mr. Whitehead was appointed to the office in 1902 as a fourth assistant examining and has served in various capacities in the office since that date. On May 5, 1914, he was appointed assistant commissioner.

Mr. Clay was appointed to the office in 1898 and served until 1900, when he resigned. Originally from Kentucky, he has been practicing attorney in Pittsburgh after his resignation. He is expected to arrive in Washington some time prior to July 1.

COTTON MARKETS.

NEW YORK.

NEW YORK, June 20.—The cotton market was more active than for several weeks at the opening today, and first prices were 12 to 15 points higher in response to a sharp advance in Liverpool. Reports of peace riots abroad and the possibility of a new war with Mexico as influence on cotton values were also factors, and there was active covering on the advance, which carried October contracts up to 12 1/2 and December 12 3/4, or about 17 to 18 points net higher during the early trading.

Private cables attributed the advance in Liverpool to spinners calling and light offerings in the market. While the cotton connections were moderate buyers here.

Putters opened steady. July, 12 1/2; October, 12 3/4; December, 12 3/4; January, 12 3/4; March, 12 3/4.

The early Liverpool buying here was estimated at July 20,000 bales, while the advance uncovered spot orders, with October contracts selling up to 12 1/4 and December 12 3/4 during the middle of the morning, or about 22 points net higher. The demand then tapered off somewhat and there were reactions of 4 or 5 points, but the best holding realizing which was probably promoted by reports of rising temperatures in the south.

NEW ORLEANS.

NEW ORLEANS, June 20.—A bullish view of the Mexican situation, the forecast of showers for the eastern half of the belt and good cables caused a buying movement in cotton on this market today which put the trading months 14 to 16 points up in the first half hour of business. The ring was active and excited.

Putters opened firm: July, 12 1/2; October, 12 3/4; December, 12 3/4; January, 12 3/4; March, 12 3/4.

Bullish feeling regarding the Mexican situation increased and heavy buying movement among shorts was created. In the trading up to noon prices went to net advance of 15 to 22 points.

LIVERPOOL.

LIVERPOOL, June 20.—Cotton—Spot steady; good middling, 8 1/2; middling, 8 1/4; low middling, 7 3/4. Sales, 5,000 bales, including 1,500 for speculation and export. Receipts, 5,000 bales; futures very steady: June, 8 1/2; July and August, 7 3/4; September, 7 3/4; October, 7 3/4; November, 7 3/4; December and January, 7 3/4; February and March, 7 1/4; April and May, 7 1/4; June, 7 1/4.

NEW YORK LEAD MARKET.

MANY EXEMPTIONS UNDER ARMY BILL

Section of Law Likely to Interfere With Mobilization of Militia.

Section 59 of the army reorganization act approved June 3, 1916, may interfere to some extent with the prompt mobilization of the District National Guard and several state organizations, under the President's latest call, because of the large class of government employees exempted from militia duty. The language of that section follows:

"The Vice President of the United States; the officers, judicial and executive, of the government of the United States and of the several states and territories; persons in the military or naval service of the United States; customhouse clerks; persons employed by the United States in the transmission of the mail; artificers and workmen employed in the armories, arsenals and navy yards of the United States; pilots; mariners actually employed in the sea service of the United States; persons within the United States, shall be exempt from militia duty without regard to age, and all persons who because of religious belief shall claim exemption from military service, if the conscientious holding of such belief by such person shall be established under such regulations as the President shall prescribe, shall be exempted from militia service in a combatant capacity, but no person so exempted shall be exempt from militia service in any capacity that the President shall declare to be non-combatant."

NAVAL PROGRAM CALLS FOR SIX CAPITAL SHIPS

Plans for increase in the enlisted force were not fully developed at the White House conference. The House bill would add 16,500 men, and until the administration decides how many ships now in reserve may be put in active service, probably for Mexican duty, the exact number of the further increase will not be determined.

The Senate committee today approved a resolution authorizing a reduction from twenty to nineteen knots in the speed requirements of two fleet submarines directed to be built. Builders refused to bid under the twenty-knot qualification.
